

## Special Issue

# The Human Factor in Designing Sustainable Systems

### Message from the Guest Editors

This Special Issue welcomes articles on the following points and others related to the human factor in sustainability:

- Sustainability and beliefs;
- Social support for renewables, distributed generation, and demand response in electricity markets;
- Social support for reducing consumption, reusing, and recycling;
- A degrowth economy and its social impact;
- Mindful consumption;
- Sustainability and justice.

---

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1  
(Geography, Planning and Development)
