

Special Issue

Enterprise Operation and Innovation Management Sustainability

Message from the Guest Editor

This Special Issue focuses on the broad topic of “Enterprise Operation and Innovation Management Sustainability” and includes novel research pertaining to operation and innovation management, strategic innovation management, internal and external organizational environments, and how these environments interact with global sustainable business development. We therefore welcome theoretical and empirical articles that address the following topics: the application of innovation management around the world; the synergistic effect of the impacts of low-energy production and sustainable production within innovation processes; concepts related to industry 4.0, with regard to robotics, digitization and artificial intelligence within sustainable industry and economic development; issues related to the international labor market and new jobs and job displacement; international sustainable business development regarding the current energy crisis, which has resulted challenges related to energy and the environment; modes of international entrepreneurial expansion in global markets; and the corporate and/or personal impact of diversity, inclusion, and equity (DEI) programs.

Guest Editor

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA
