

## Special Issue

# Transport Infrastructures and Inbound Tourist Mobility

### Message from the Guest Editor

- How has air connectivity been affected by COVID-19?
- What are the main anti-COVID-19 measures taken by distinct countries that affect air transport? Are there any lessons that can be extracted?
- What are the main changes that we can expect for post-COVID-19 air transport?
- Is COVID-19 affecting preferences for travel?
- How is COVID-19 affecting air transport vulnerability and resilience?
- A level playing field in state aid for airports, airlines and hotels: are there worldwide lessons to be learned?
- Tracing apps vs. rapid tests to increase air connectivity: are there lessons to be learned?
- Has COVID-19 boosted digital transformation and automation in airports and airlines?
- Has COVID-19 changed biosecurity and sanitization processes in airports and airlines?
- Air transport accessibility during the pre-COVID-19 and COVID-19 periods and the effects on the post-COVID-19 era.
- others

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
