

Special Issue

Sustainability in Industrial Management and Economy

Message from the Guest Editors

the scope of Special issue Sustainability in Industrial Management and Economy is to discuss up-to-date and innovative advances in management and economy from interdisciplinary point of view. Nowadays, management practice is facing challenges like globalization, technological advances, market and economic changes, changes in human resources management, lack of skilled labor and call for new roles. All these above changes in human resources management mentioned challenges cause the diversity and new managerial approaches.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
