

Special Issue

Synergic Integration of Electric Vehicles, Renewable Energy, and Storage Systems into Smart Grids

Message from the Guest Editors

In this Special Issue, original research articles and reviews are welcome and research areas may include, but are not limited to, the following:

- Forecasting methods for EV charging demand and RES power generation;
- Sizing methods of PV + storage systems to support charging hub power demand;
- Energy management systems (EMSs) for efficient monitoring and control of power flows at EV charging hubs with photovoltaic sources and storage systems;
- Smart charging and vehicle-to-X (V2X) techniques for EV integration into smart grids;
- Tariff options and regulatory frameworks to foster demand-side management and self-dispatching operations;
- Provision of power network emergency services from microgrids, including intentional and dynamic islanding, black start, counterfeeding, and grid-forming capabilities.

We look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
