

Special Issue

Biomass Energy Usage for Sustainable Development

Message from the Guest Editors

This Special Issue focuses on the utilization of biomass energy as a means of promoting sustainable development that spans across developed and developing countries and fosters a greener future.

Original research articles and reviews are welcome for this Special Issue. Research areas may include, but are not limited to the following:

- Sustainable forests energy.
- Renewable biomass energy.
- Biomass fuel briquettes.
- Biomass energy and community livelihoods.
- Public health and biomass energy.
- Biomass and circular bioeconomy.
- Efficient and sustainable biomass supply chain.
- Technological advancements in biomass conversion processes.
- Policy frameworks for biomass energy systems.
- Environmental and social impacts of biomass production and utilization.
- Challenges and opportunities associated with biomass energy usage.

We look forward to your valuable contributions to this Special Issue.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
