

Special Issue

ESG Performance, Investment, and Risk Management

Message from the Guest Editors

This Special Issue will explore the intricate relationships among ESG performance, risk management, stakeholder reactions, and business outcomes. We invite the submission of original research articles and reviews that examine the role of ESG in shaping sustainable business practices, influencing stakeholders' investment and purchasing decisions, and managing risks. Research areas may include (but are not limited to) the following:

- The impact of ESG practices on risk management;
- The impact of ESG practices on sustainable business management;
- Innovation and ESG practices;
- The influence of ESG practices during crises (e.g., COVID-19 and financial crises);
- Stakeholder expectations and the future of ESG principles;
- The significance of financial and non-financial ESG indicators;
- Challenges and opportunities in adopting ESG principles.

We look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief
