# **Special Issue**

# Road Infrastructure and Cultural Heritage: Surveys, Structural Health Monitoring, Economics Aspects and Sustainability

### Message from the Guest Editors

This Special Issue aims to collect original research articles and reviews on innovative research dedicated to methodologies, applications and case studies on management and preservation of cultural heritage, and for monitoring/analysis/structural interventions. Topics may include (but are not limited to): Structural health monitoring. The advances in non-destructive techniques for cultural heritage object analysis. The monitoring of climate conditions in cultural heritage sites, and their consequences for material ageing and degradation. Safety diagnosis and assessment of structures. Financial sustainability and budgetary logic in heritage management. Sustainable heritage tourism and regional development. Impact of digital technologies on cultural heritage management and valorization. Integration of remote sensing and GIS for cultural heritage assessment. From Dense Cloud to HBIM. UAV Survey. AR/VR/MR for Cultural Heritage and infrastructure monitoring and analysis. Sustainable methods and tools for cultural heritage assessment and conservation.

## **About the Journal**

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

### Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

#### **Author Benefits**

### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

### **High Visibility:**

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
