

Special Issue

Human–Nature Relationship in the Context of Environmental Change and Sustainability

Message from the Guest Editors

In this Special Issue, original research articles and reviews are welcome. Research areas may include (but not limited to) the following:

- The nexus between human–nature relationships and the contexts of environmental changes
- Contextual analyses of environmental changes and climate justice impacts
- The role of human–nature relationships in advancing sustainability
- Empirical studies that examine climate change impact on human–nature relationships and sustainability
- Cross-disciplinary studies examining the intersections of human–nature relationships, the diverse contexts of environmental changes, and sustainability
- Theoretical contributions guiding human–nature relationships and sustainability
- Methodological engagement and innovations in studying human–nature relationships, environmental changes, and sustainability
- Interventions for promoting human–nature relationships, ecosocial justice, and sustainability
- Active citizenship and community engagement in sustainability and environmental justice
- Behaviour-change for sustainability and reciprocal human–nature relationships
- Barriers and enablers affecting sustainable human–nature relationships and ecosocial justice

Guest Editors

Dr. Vinathe Sharma-Brymer

Dr. Heather Boetto

Dr. Eric Brymer

Dr. Shannon Brincat

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
