

Special Issue

Leadership, Toxic Workplace Environment and Organizational Sustainability in the Post-Pandemic Era

Message from the Guest Editors

This Special Issue (SI) focuses on leadership toxic workplace environments and organizational sustainability in the post-pandemic era. Moreover, the published research will bridge the gap between the toxic workplace environment, employee well-being, and job satisfaction. We welcome papers with theoretical and empirical contributions that address important issues and challenges about business leaders and the intersections of the toxic workplace environment and sustainability at the individual, organizational, and industrial levels. Empirical research, literature review, case studies, and papers focusing on theoretical development as well as conceptual models are all welcome.

Guest Editors

Dr. Samma Faiz Rasool

Prof. Dr. Tachia Chin

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief
