# **Special Issue**

# Life Cycle Cost - A Tool for Development of Sustainable Products and Technologies

### Message from the Guest Editors

We invite submissions from the areas of engineering, natural sciences, public policy, law, social science, business and economics. Relevant topics to this Special Issue include, but are not limited to the following subjects:

- Life-Cycle Costing (LCC) as an assessment tool used in industrial technology;
- LCC analysis as an engineering economic analysis quantifying the differential costs of alternative investment options;
- Stochastic processes in the life cycle cost prediction;
- Remaining useful lifetime and maintenance costs of the operated technical facility;
- Environmental and economic life cycle efficiency;
- Sustainable production and consumption;
- Prediction and optimisation of durability, reliability and operating costs;
- RAMS analysis for transport systems;
- Analysis of the warranty period in terms of safety, reliability and cost of use.

## **About the Journal**

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

#### Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

#### **Author Benefits**

### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

### **High Visibility:**

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
