

# Special Issue

## Sustainable Low Emission Mobility

### Message from the Guest Editors

As part of this Special Issue, we invite high-quality papers that examine a range of issues that will result in a reduction in transport emissions. Topics include but are not limited to:

- Pricing (e.g., road pricing, yield management in aviation and high-speed trains);
- Low/alternative fuels such as biofuels and electricity and their challenges;
- Modal shift and intermodality;
- Measures to increase occupancy rates/efficiency of vehicles and public transport;
- Car sharing/promotion of ride sharing;
- Congestion charging/environmental charges;
- New vehicle technologies such as autonomous vehicles;
- Public transport/bus lanes/priority for public transport/bus rapid transport;
- Pedestrian zones/speed limit restrictions/speed management;
- Low emission zone restriction by license plate;
- Bike sharing/dedicated bike lanes;
- Public transport, pricing, and regulation.

Prof. Dr. John Whitelegg

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
