# **Special Issue**

# Sustainable Development and Planning of Supply Chain and Logistics

### Message from the Guest Editors

We are pleased to announce a call for papers for a Special Issue on "Sustainable Development and Planning of Supply Chain and Logistics" in the journal *Sustainability*. This Special Issue aims to explore innovative approaches and strategies that promote sustainability within supply chains and logistics, addressing challenges related to resource efficiency, environmental impact, and sustainable growth. **Scope of this Special Issue** This Special Issue invites original research articles, reviews, communications, and concept papers that address, but are not limited to, the following topics:

- Sustainable supply chain management practices;
- Green logistics and transportation;
- Circular economy and closed-loop supply chains;
- Sustainable procurement and sourcing strategies;
- Environmental impact assessment in supply chain management;
- Technological innovations for sustainable logistics;
- Policy frameworks and regulations promoting sustainable supply chains;
- Case studies on sustainable logistics and supply chain management.

## **About the Journal**

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

### Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA
