Special Issue

Ecological Sustainability and Landscape Ecology

Message from the Guest Editors

The main goal of this Special Issue is to provide a platform to enhance the spread of the current knowledge on ecological sustainability combined with landscape ecology. These topics include a wide area of subjects, such as landscape management, habitat conservation and restoration, habitat utilization, and spatial planning and modeling. Moreover, many different scientific fields may interact in order to broaden the scope of this highly important topic, as well as provide insight into different perspectives on the same issue.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
