

Special Issue

Macprudential Policy, Monetary Policy, and Financial Sustainability

Message from the Guest Editor

The purpose of this Special Issue is bridging the gap by collecting papers that will improve the actual understanding of the influence of macroprudential policies and/or monetary policies on financial sustainability, especially after the Great Recession. We encourage submissions from scholars, practitioners, and policymakers, addressing the analysis of macroprudential policies and/or monetary policies to achieve financial sustainability. This Special Issue also welcomes contributions from a broad range of fields related to economics and finance at large, including the address of regulatory and institutional issues connected to the topic. Both theoretical and empirical papers are welcome. Keywords

- macroprudential policy
- monetary policy
- financial sustainability
- financial stability
- financial regulation
- economic stability

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
