

Special Issue

Innovative Solution for Sustainable and Safe Maritime Transportation

Message from the Guest Editors

We are calling for papers for a Special Issue of the journal *Sustainability* on research to shed light into **Innovative Solutions for Sustainable and Safe Maritime Transportation**. Due to the continuous growth of global sea traffic in volume and number, sea areas are getting crowded, especially those where maritime routes merge or cross. This in turn leads to an increase of the likelihood of dangerous ship–ship encounters that may result in an accident with severe economic, societal or environmental losses. Concurrently, new types of ships with a skeleton crew or fully unmanned are emerging on the horizon, bringing novel navigation-related challenges...

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
