# **Special Issue**

# Monitor of Organic Pollutants in Environment

### Message from the Guest Editors

The continuous discharge of diverse organic pollutants in the environment is of great concern to the whole world and there is a growing need to monitor their environmental occurrence. The Special Issue, entitled Monitor of Organic Pollutants in Environment, is dedicated to the advancement of monitoring, sampling, and analyzing organic pollutions in the environment, and to understand the occurrence and behaviors of organic pollutants. Submissions of scientific papers that deal with organic pollutants monitoring, including behaviors of organic pollutants in the environment, sampling techniques, and analysis methods, are welcome in this Special Issue.

## **About the Journal**

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

#### Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

#### **Author Benefits**

### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

### **High Visibility:**

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
