

Special Issue

Multi-Functional Urban Innovations

Message from the Guest Editors

In this Special Issue, we are looking for publications that can help us to bring different aspects of these innovations together. Papers that are looking into the multiple functions and benefits that these different urban innovations can have for society and the environment are highly welcome.

- Multifunctional urban innovation
- Smart city
- Nature-based solutions
- Circular economy
- Social and ecological systems
- Internet of Things
- Digital tools
- Urban transition

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA
