Special Issue

Sustainability Challenges of Marine Ecosystem Conservation and Resources Management

Message from the Guest Editors

The goal of this Special Issue is to provide a comprehensive understanding of the ecological, social, and economic dimensions of marine conservation and resource management. This Special Issue will cover topics such as the following:

- Habitat restoration techniques and their effectiveness;
- Sustainable fisheries management practises;
- The role and impact of marine protected areas (MPAs);
- The effects of climate change on marine biodiversity and resources;
- Socio-economic impacts of marine conservation efforts:
- Integration of traditional ecological knowledge and scientific research;
- Policy and governance frameworks for sustainable marine management;
- Innovative approaches to combat pollution and marine debris;
- Community-based conservation initiatives;
- Eutrophication and its impact on marine ecosystems;
- Marine pollution and its impact on marine ecosystems.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
