

## Special Issue

# Renewable Energy Harvesting and Green Hydrogen Energy Production

### Message from the Guest Editors

The present Special Issue is devoted to themes that reveal the state-of-the-art in the knowledge and technological development of any area linked to alternative energy sources and green hydrogen production. Papers on both new and existing topics are encouraged for submission. New developments in areas such as photovoltaics; solar thermal energy; wind, hydro, geothermal, and biomass energy; hybrid energy systems; hydrogen energy; green hydrogen generation; and hydrogen as a fuel are very much appreciated.

Additional themes will be explored. Original studies as well as reviews discussing the mentioned topics and their links to economic or environmental challenges are also of interest. Keywords:

- energy harvesting
- renewable energy
- solar energy
- wind energy
- hydro energy
- tidal energy
- geothermal energy
- hydrogen energy
- green hydrogen
- hydrogen production, storage, and utilization

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

---

### Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario  
Institute of Technology, Oshawa, ON L1G 0C5, Canada

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1  
(Geography, Planning and Development)
