Sustainable Tourism Development and Economic Impacts: Insights into Tourist Behavior, Resident Engagement, Cultural Experiences, and Meeting, Incentive, Conference, and Exhibition Tourism

Message from the Guest Editors

Sustainable tourism development has emerged as a crucial factor in fostering long-term economic growth, but its multifaceted impact—spanning tourist behavior, resident engagement, cultural experiences, and MICE tourism—requires further investigation. This Special Issue aims to explore these dimensions and their economic implications in a holistic manner and provide actionable insights for policymakers, academics, and industry leaders alike. Contributions will be welcomed that explore the complexities of sustainable tourism and its potential to drive inclusive economic development.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen
