

Special Issue

Variegated Urban Policy to Support Sustainability

Message from the Guest Editor

This Special Issue suggests a dialogue between urban geographers and other interdisciplinary scholars, and thus goes a long way toward a more inclusive research agenda to nuance innovatory urban governance, its heterogeneous formation, implementation and politics. These findings will contribute to the conceptual and empirical framework for sustainable urban research, as well as effective innovative urban governance praxis. Sustainable regional or urban policy agendas The impact of COVID-19 and geopolitical contestants on sustainable practices comparative imaginations, discourses, or materializations of innovative policies transborder cooperative agendas for handling regional challenges global policy mobilities under the current complex contexts global emergent institutional forms and innovatory governance The future of interdisciplinary sustainable urban policies

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA
