

## Special Issue

# Sustainability in Nautical Tourism

### Message from the Guest Editors

This Special Issue welcomes contributions from researchers on these suggested topics:

- sustainable consumer behavior
- environmental and social responsibility (supply/demand side)
- sustainable products and services
- environmental impacts and evaluation
- technological innovation and research
- reconciling tourists with marine environments
- uncertainty and decision making
- trans-disciplinary methods of analysis

---

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
