

## Special Issue

# Nature-Based Solutions and Biodiversity: Synergies and Implications

### Message from the Guest Editors

With this Special Issue, we wish to encourage contributions that show the synergies (or potential trade-offs) between NbS and biodiversity, as well as their implications for better NbS design. We look for contributions shedding light on *how biodiversity relates to the NbS* and *how this relationship can be considered in the design of solutions*. Keywords

- nature-based solutions
- ecosystem-based adaptation/mitigation
- ecosystem services
- biodiversity
- restoration
- climate change
- landscape management
- social-ecological systems

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
