

Special Issue

Sustainable Road Construction and Maintenance and Disaster Prevention

Message from the Guest Editors

With the continuous improvement of infrastructure and the frequent occurrence of natural disasters, the development of highway transportation needs to accelerate its transformation from "incremental expansion" to a new stage of productive force development characterized by "quality improvement and efficiency enhancement". The purpose of this call for papers is to exchange recent scientific results related to highway and infrastructure design, construction, and maintenance.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
