

Special Issue

Psychological Determinants of Sustainable Mobility Behaviors

Message from the Guest Editor

- This special issue explores the complex interplay of psychological factors influencing sustainable mobility choices, including attitudes, values, social norms, habits, emotions, and cognitive biases.
- This special issue focuses on unraveling the psychological mechanisms underlying travel behavior, exploring topics such as the cognitive biases influencing car dependency, the role of identity and social norms in adopting active or shared mobility modes, and the emotional drivers of resistance or openness to change.
- In this Special Issue, original research articles and reviews are welcome. Research areas may include (but not limited to) the following:
 - Psychological Theories Applied to Sustainable Mobility Behaviors
 - Individual Factors Influencing Sustainable Mobility
 - Social and Cultural Determinants
 - Psychological Barriers to Behavioral Change
 - Behavioral Interventions for Promoting Sustainable Mobility
 - Interdisciplinary interweaving about human factors in Sustainable Mobility
 - Longitudinal and Dyadic Perspectives
 - Psychology of Mobility and Public Policy
 - Innovative Methodologies for Studying Mobility Behaviors

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
