

Special Issue

Sustainable Production and Operations Management

Message from the Guest Editors

In this Special Issue we seek high-quality research papers that address novel sustainability issues in production and operations management to advance knowledge and practice in sustainable operations. Both theoretical and empirical methodologies are welcome. Topics of interest include but are not limited to the following:

- Production and operations management under emission regulations.
- Sustainable operations driven by analytics.
- Game-theoretical analysis in operations management with sustainability considerations.
- Closed-loop supply chain management.
- Sustainability in inventory management.
- Socially responsible production and operations management.
- Social equity in production and operations management.
- Sustainability in behavioral operations management.
- Sustainable agricultural operations.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
