

## Special Issue

# Sustainable Consumption in the Digital Economy

### Message from the Guest Editors

This Special Issue aims to address the following questions:

- (RQ1) Do changes in green consumer behavior illustrate sustainable consumption and sustainable development?
- (RQ2) Does the development of digital technologies foster sustainable consumption and sustainable development?
- (RQ3) Has the digital economy reached a level of maturity in terms of sustainable consumer behavior in sustainable economies?

The of this Special Issue of *Sustainability* invite academics and business practitioners from around the world to contribute. The extent of sustainable consumption in the digital economy is a significant research subject. Contributions (papers) may involve literature reviews (bibliometrics), quantitative analyses, and models of sustainable consumption in the digital and sustainable economy.

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
