

Special Issue

Sustainable Agricultural Engineering: Agroecology Sustainable Development and Agriculture Environmental Impact Assessment and Measurement

Message from the Guest Editors

In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following:

- Impacts on greenhouse gas reduction after sustainable agroecology development.
- Impacts on soil organic carbon stability after sustainable agroecology development.
- Assessment and measurement of the impact of sustainable agriculture on the agri-environment.
- Bio-organic fertilizer replacement of chemical fertilizers to improve sustainable agricultural quality and efficiency technology.
- Beneficial microorganisms, bio-organic fertilizer development and impacts on agro-ecosystem sustainability potentials.
- Policy formulation for the sustainable management of regional/global sustainable agricultural in response to serious environmental impacts in agricultural systems, etc.

We look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
