## **Special Issue**

# Recent Advances in Green Building Projects and Sustainable Design

### Message from the Guest Editors

We kindly invite you to contribute to the Special Issue, "Recent Advances in Green Building Projects and Sustainable Design". Submissions of original scientific works as well as review papers focused on smart technology and sustainable management approaches for green buildings and the environment are strongly encouraged and welcome. The aim of this Special Issue (SI) is to present smart technologies and modern approaches for the green and sustainable design of buildings. An important aspect is also the management of the circular economy, waste management, smart technology implementation and impacts on sustainable design.

- smart technology
- BIM technology
- green BIM
- sustainable management
- economic sustainability
- sustainable construction project management
- sustainable cost management of green buildings
- development and utilization of smart technology in construction
- circular economy
- sustainable management
- green building information modelling
- sustainable waste management
- infrastructure of green buildings
- energy and cost savings

### **About the Journal**

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

### Editor-in-Chief

#### Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario Institute of Technology, Oshawa, ON L1G OC5, Canada

### **Author Benefits**

### **Open Access:**

free for readers, with article processing charges (APC) paid by authors or their institutions.

### **High Visibility:**

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

### **Journal Rank:**

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
