# **Special Issue**

# Sustainable Civil Engineering: Circular Economy, Environmental Impact, and Tools Driving Transformation

# Message from the Guest Editors

This SI focuses on interdisciplinary research and practical solutions that promote the transformation of the construction industry towards sustainable and circular practices. The specific topics covered in this Special Issue include the following:

- Innovative Methods and Circular Strategies
- Non-Destructive Testing (NDT) in Circular Construction
- Digital Technologies in Sustainable Construction
- ESG (Environmental, Social, and Governance) in Construction:
- Best Practices and Case Studies:
- Interdisciplinary Approaches to Sustainable Construction:

This Special Issue aims to showcase research, reviews, and case studies that drive innovation and responsible practices in the construction industry, fostering a sustainable and circular future.

# **About the Journal**

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Editor-in-Chief

#### Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario Institute of Technology, Oshawa, ON L1G OC5, Canada

### **Author Benefits**

### **Open Access:**

free for readers, with article processing charges (APC) paid by authors or their institutions.

### **High Visibility:**

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

### **Journal Rank:**

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
