

Special Issue

Utilizing Artificial Intelligence as a Means to Achieve Sustainable Development

Message from the Guest Editors

This Special Issue aims to collate research exploring the rapid and close integration of artificial intelligence and sustainable development and the application of such integrated mechanisms across various fields and disciplines. Potential topics include (but not limited to) the following:

- Application of artificial intelligence;
- Application of machine learning;
- Application of data mining;
- Application of artificial intelligence in education;
- Application of artificial intelligence in electric power;
- Application of artificial intelligence in transportation;
- Application of artificial intelligence in manufacturing;
- Application of artificial intelligence in construction;
- Application of artificial intelligence in city;
- Application of artificial intelligence in natural language processing;
- Artificial intelligence interdisciplinary science.

Guest Editors

Prof. Dr. Hongjun Wang
Prof. Dr. Peng Jin
Dr. Yanru Chen

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
