

Special Issue

Sustainable Project Management and Smart Infrastructure Development

Message from the Guest Editor

It is our pleasure to announce this Special Issue of the journal *Sustainability*. We cordially invite your ground-breaking research in sustainable project management and smart infrastructure development for publication in this Special Issue. Of particular interest are the following topics: sustainable project management practices, digital transformation in industry, lean and industry 4.0, sustainable technology development, smart infrastructure development and various areas within the scope of this Special Issue including AI integration in industry. It is necessary to aggregate the latest case studies and data analyses to shape the industry's strategies that can improve project management practices and infrastructure development. As such, a wide range of research participation from academia, corporations, governments and NGOs is required to develop feasible methods and take meaningful actions. Building on this Special Issue's scope, we particularly welcome contributions that either propose novel works or present findings with demonstrable practical relevance. Systematic literature review papers in these areas are also welcome in this Special Issue.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA
