Special Issue

Sustainable Development of Energy, Water and Environment Systems (SDEWES)

Message from the Guest Editors

"Sustainable Development of Energy, Water, and Environment Systems" is dedicated to the advancement and dissemination of knowledge on the methods, policies, and technologies for increasing the sustainability of development by de-coupling growth from the use of natural resources and by transition to a knowledge-based economy, all while taking into account the economic, environmental, and social pillars of sustainable development. One of the main issues of the coming decades is to improve efficiencies by integrating various life-supporting systems, using the excess from one as a resource in another in the correct moment. Integrating electricity, heating, cooling, transport, water, buildings, waste, wastewater, industry, forestry, and agriculture systems will be pivotal towards sustainable development. About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario Institute of Technology, Oshawa, ON L1G OC5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
