Sustainability for Social Community Impact

Message from the Guest Editors

The papers selected for presentation at the Singapore Hub of the World Sustainability Forum seek to address the theme of the potential and realized social and community impact of sustainability efforts, the challenges faced by these efforts, as well as the innovative means to overcome these challenges. The theme inspires and showcases collaborative efforts among diverse groups within communities, from social groups to industries, institutions, and individuals, to co-create sustainable solutions for current and future problems. The diverse innovative means explored in the selected papers include social, communal, strategic, biological, ecological, and technological approaches. Moreover, the authors of the selected papers hail from different countries, reflecting a global approach to sustainability efforts.
