

Special Issue

The Sharing Economy in the Context of Sustainability: Economic, Social and Environmental Aspects of Alternative Forms of Sharing

Message from the Guest Editors

Dear colleague, This Special Issue calls for both theoretical and empirical papers, including case studies discussing the following topics (but not limited to):

- The sharing economy in the context of sustainability and/or social responsibility
- Alternative motives for sharing
- Environmental aspects of sharing
- Sharing and the circular economy
- Reporting of sharing as part of sustainability reporting
- Communication of sharing as part of communication of social responsibility
- Benefits and risks of the sharing economy model (from the point of view of the entities involved and society as a whole)
- Alternative segments, forms, services, and platforms of sharing
- Application of the sharing economy model from the point of view of various sectors
- B2B sharing
- Customer attitudes to the phenomenon of sharing
- The role of universities in the context of the sharing economy model
- The role of governments (on a local, regional, national, and supranational level) within the framework of the sharing economy model
- Regulation of the sharing economy

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
