

Special Issue

Smart City Development and Sustainability

Message from the Guest Editors

This Special Issue of *Sustainability* invites papers that focus on the relationship between smart city development and sustainability and address the following key questions in particular:

- Are existing conceptualizations of smart cities adequate to capture the multiple dimensions of sustainability?
- Under what conditions do smart cities promote environmental, social, and economic sustainability?
- Which methodological frameworks can be used to assess the impact of smart cities on sustainability?
- What lessons have been learned from the implementation of smart city development strategies and their effects on sustainability?

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
