

## Special Issue

# Smart and Sustainable Food Supply Chain Management

### Message from the Guest Editors

This Special Issue aims to bring research together that contributes to this field of knowledge and advances the understanding of important managerial issues in food supply chain networks. It welcomes contributions whose objectives are aligned with the following research scopes:

- Digitilization of food supply chains;
- Design and analysis of food supply chain networks;
- Smart decision making in sustainable food supply chain networks;
- Challenges and opportunities in sustainable food supply chains;
- Food supply chain resilience;
- Multi-objective optimization for sustainable food supply chains;
- Technology for sustainable food supply chains;
- Operations management in sustainable food supply chains;
- Inventory modelling for food supply chains;
- Decision models for perishable food products in food supply chain;
- Food waste and circularity in sustainable food supply chains.

### Guest Editors

Dr. Banu Yetkin Ekren

Prof. Dr. Emel Aktas

Dr. Nicky Yates

Prof. Dr. Yiğit Kazançoğlu

### Deadline for manuscript submissions

closed (29 February 2024)

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

---

### Editor-in-Chief

Prof. Dr. Marc A. Rosen
