

Special Issue

Social Capital and Sustainability: Spatial Evidence

Message from the Guest Editor

This Special Issue is intended to examine this interplay in order to provide deeper insights on the spatial dynamics of social capital as a sustainability mechanism. To that extent, the aim of this Special Issue is to generate new knowledge and insights as regards the spatial manifestations and effects of social capital in both urban and regional environments. The welcomes papers on all aspects related to the topic and invites all types of contributions, i.e., comprehensive reviews, case studies, or research articles. Keywords:

- Social capital
- Trust
- Associations
- Norms/values
- Territorial identities
- Space
- Urban/rural empowerment
- Regional administration
- Sustainable development

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits
