Special Issue

Pro-environmental Behavior – Social and Cultural Aspects

Message from the Guest Editor

The promotion of pro-environmental behavior is particularly important in seeking to solve environmental problems and achieve the goals of sustainability. This special issue encourages the submission of articles related to:

- Pro-environmental behavior (in general and for separate type of behaviors)
- Changes in pro-environmental behavior
- Environmental education (information) impact on proenvironmental behavior
- Environmental policy tools implication on proenvironmental behavior
- Cross-culture and cross-generation analysis
- Covid-19 implication on changes in pro-environmental behavior

In this sense, both research papers and review papers on these topics are welcome.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA
