

Special Issue

From Solid Waste to Resources: Recycling, Recovery, Valorization and Treatment Technologies

Message from the Guest Editors

In this Special Issue, authors are invited to submit their papers covering high-quality and novel research as well as review studies that address recycling, recovery, valorization and advanced treatments applied for the conversion of solid waste to resources. Possible topics include, but are not limited to: a) lab-, pilot-, or full-scale applications of sustainable resource recovery processes; b) novel and advanced technologies for the conversion of solid waste to resources; c) processes for the valorization of solid wastes into compost and green materials; and d) environmental, economic and social analyses for resource recovery processes from solid waste. This Special Issue will contribute to enhancing the understanding of past and recent technologies in solid waste conversion, with the aim of motivating novel initiatives for future sustainable resource recovery.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
