

## Special Issue

# A Decision-Making Model on the Impact of Vehicle Use on Urban Safety

### Message from the Guest Editors

This Special Issue of *Sustainability* supports the *Green Cities Conference* in Augsburg, Germany, 22-26 June 2021. The issue and the conference will highlight innovative and important sustainability research. Top research papers in the multi-disciplinary field of sustainability will be considered for open access publication. *Sustainability* is a highly respected journal with considerable impact (JCR Impact Factor: 2.6, Google Scholar h-5 Index: 78). The submission window for the *Green Cities Conference* remains open through January 20, 2021 (see

<https://greencitiesconference.com/>). As of 23 July 2020, the conference submission site has received more than 100 submissions from about 30 countries.

We seek the best research in all of the sponsored multidisciplinary fields (see

[https://greencitiesconference.com/?page\\_id=205](https://greencitiesconference.com/?page_id=205)).

Not all papers accepted for the conference will be invited to submit to *Sustainability*. Those papers that are accepted by the committee will undergo a secondary review by a journal editor to ensure quality and suitability.

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
