

Special Issue

Occupational Mental Health

Message from the Guest Editor

The purpose of this Occupational Mental Health Special Issue is to focus on studies that increase our understanding of what mental health at work is today and the best strategies and policies to achieve improvements in the mental health of employees. The focus of the articles addressed to the Special Issue can be multidisciplinary and intersectoral, addressing how different disciplines and sectors can come together to develop improvements in occupational mental health. Topics include but are not limited to:

- Employees mental health and job performance and productivity;
- Human resources strategies and occupational mental health;
- Organizational psychology and mental health relations;
- Leadership and job engagement ;
- Working conditions;
- Mental workload;
- Occupational stress and burnout;
- Mobbing;
- Gender diversity and occupational mental health;
- Occupational mental health and the COVID-19 pandemic;
- Occupational mental health assessment.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief
