

Special Issue

Sustainability of Environmental Resources Management under Global Change

Message from the Guest Editors

Papers can be submitted in the broader research area of environmental resource management, but articles that on the below topics are especially encouraged:

- Climate change and climate variability and impact assessment on regional to local scale;
- Methodologies and approaches for sustainable resources management;
- Local-scale water–energy–food demand assessment under global changes and recommendations;
- Methods and applications of water reuse and treated wastewater in sectors such as agriculture and energy, and current limitations;
- Changes in land use and land cover and their impacts on environmental resources;
- Demonstrating integrated solutions for environmental resources management.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
