

Special Issue

Creating a Brighter Future for Life in the Tropics

Message from the Guest Editors

This special issue invites submissions on comprehensive reviews or research articles, and commentaries on promoting Sustainability in the Tropics. As communities, nations and regional partners make choices to work towards a more sustainable world, we'll like to hear the opinions of people from all disciplines, and at all levels in their chosen fields, to present their case for 'A Brighter Tropical Future'! The best contributions will be selected to make the collection for this Special Issue. There will be a dedicated student and early career researcher category, in addition to a section for more established scientists. Keywords:

- sustainability in the tropics
- creating a brighter future
- eco cities
- smart farms
- sustainable livelihoods

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
