

Special Issue

Sustainability in Agribusiness Food Chains

Message from the Guest Editor

For this Special Issue of *Sustainability*, we welcome original contributions that demonstrate how the various stakeholders in food value chains have collectively addressed any of the following issues:

- Sustainable food marketing
- Adoption of innovative products/processes to enhance sustainability at any stage of the food chain
- Alternative business models for linking farmers to markets
- Facilitating the adoption of safe, sustainable quality management systems
- Green purchasing
- Minimizing food waste
- Value chain governance, power, and trust
- Minimizing risk and uncertainty
- Promoting local food
- Improving dietary and nutritional outcomes

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA
