

Special Issue

Sustainable Energy Efficiency and Use

Message from the Guest Editor

The research topics of this Special Issue could be focused on but not limited to:

- Sustainable energy efficiency and use: definitions and perspectives;
- Sustainable energy efficiency and use in the context of SDGs;
- Sustainable energy efficiency and use: implication for consumption and business initiatives;
- Sustainable energy efficiency and use: socioeconomic and environmental impacts;
- Sustainable energy efficiency and use: spillover effects across sectors and countries;
- Sustainable energy efficiency and use: drivers of changes and policy implications;
- Sustainable energy efficiency and use from renewable, nonrenewable, and nonconventional energy sources;
- Sustainable energy efficiency and use: top-down and bottom-up initiatives;
- Sustainable energy efficiency and use: partnerships across developed and developing countries and across the private and the public sectors;
- Sustainable energy efficiency and use: metabolism of countries and socioeconomic and environmental implications.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
