

Special Issue

Sustainable Economy for the Common Good

Message from the Guest Editor

This Special Issue will comprise papers covering a wide range of aspects related to the Economy for the Common Good (ECG) as a framework to operationalize sustainability in the business context. Sustainability and corporate sustainability are topics that have gained lots of attention in the business sphere. The debate has moved from corporate social responsibility to corporate sustainability. Consequently, there is a growing interest in management frameworks that allow us to integrate and monitor corporate sustainability into the business strategy. More details at:

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
