

Special Issue

Sustainable Ecosystems

Message from the Guest Editors

The purpose of this special issue is to combine a set of contributions that help us understand what it entails for ecosystems to be sustainable, by focusing not only on the organisational level, but by also taking into account the individual-, team- and any potential cross-level effects. We invite contributions from different disciplines (e.g., strategy, innovation, entrepreneurship, organisational psychology, management, organisational behaviour, etc.) and particularly welcome multi-disciplinary perspectives and research.

Guest Editors

Prof. Nadine Roijakkers

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
