Prospects and Challenges of Sustainable Public Purchasing

Message from the Guest Editors

For this Special Issue, we welcome scholarly papers that advance our understanding of how governments and other public sector organizations (e.g., public schools, universities, the military) are advancing sustainable purchasing. We encourage submissions that address, but are not limited to, the following topics and questions:

- **Broader Concerns Related to Sustainable Public Purchasing**
- **Sustainable Purchasing and Organization Mission, Culture, Leadership, and Structure**
- **Motivation to Adopt Sustainable Public Purchasing**
- **Public Sector Collaborations Around Sustainable Purchasing**
- **Information Access about Sustainable Purchases**
- **Sustainable Public Purchasing Outcomes**

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
